## An Evening of Jewish History in America

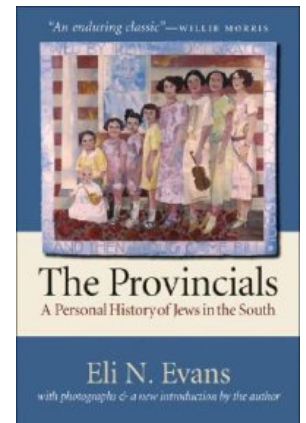

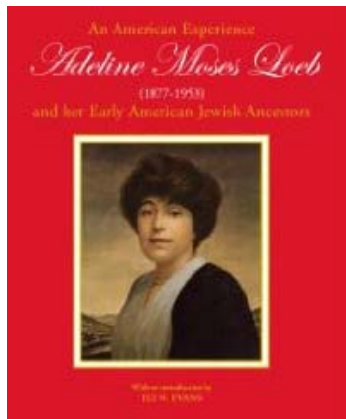

with

**Ambassador & Author**  
**John L. Loeb & Eli N. Evans**

**Wednesday, May 5, 2010**

Co-Sponsored by

**The Literary & Media Committee and the Young Families Committee**

Share a conversation with Ambassador John Loeb and Eli Evans about two significant books that reveal much about the lineage of Jewish families in America: *An American Experience: Adeline Moses Loeb and Her Early American Jewish Ancestors* and *The Provincials: A Personal History of Jews in the South*. They will discuss America's early Jewish settlers, both in the North and the South, their role in advancing the ideal of religious freedom in our country and the ways in which events, issues and themes have shaped the American Jewish character.

In addition, the evening will provide a rare opportunity to learn about the Sonoma-Loeb Winery in California. The wine tasting with Ambassador Loeb and a representative of the vineyard will take place during the first part of the event, and select Sonoma-Loeb wines will also be served throughout the evening. The wines are provided compliments of Ambassador Loeb.
